

My First day at the Rooms

My first day at the rooms was a total success. I have never been here before and as soon as we entered the museum to do the first activity I knew right away that I would have a great first day, and so I did.

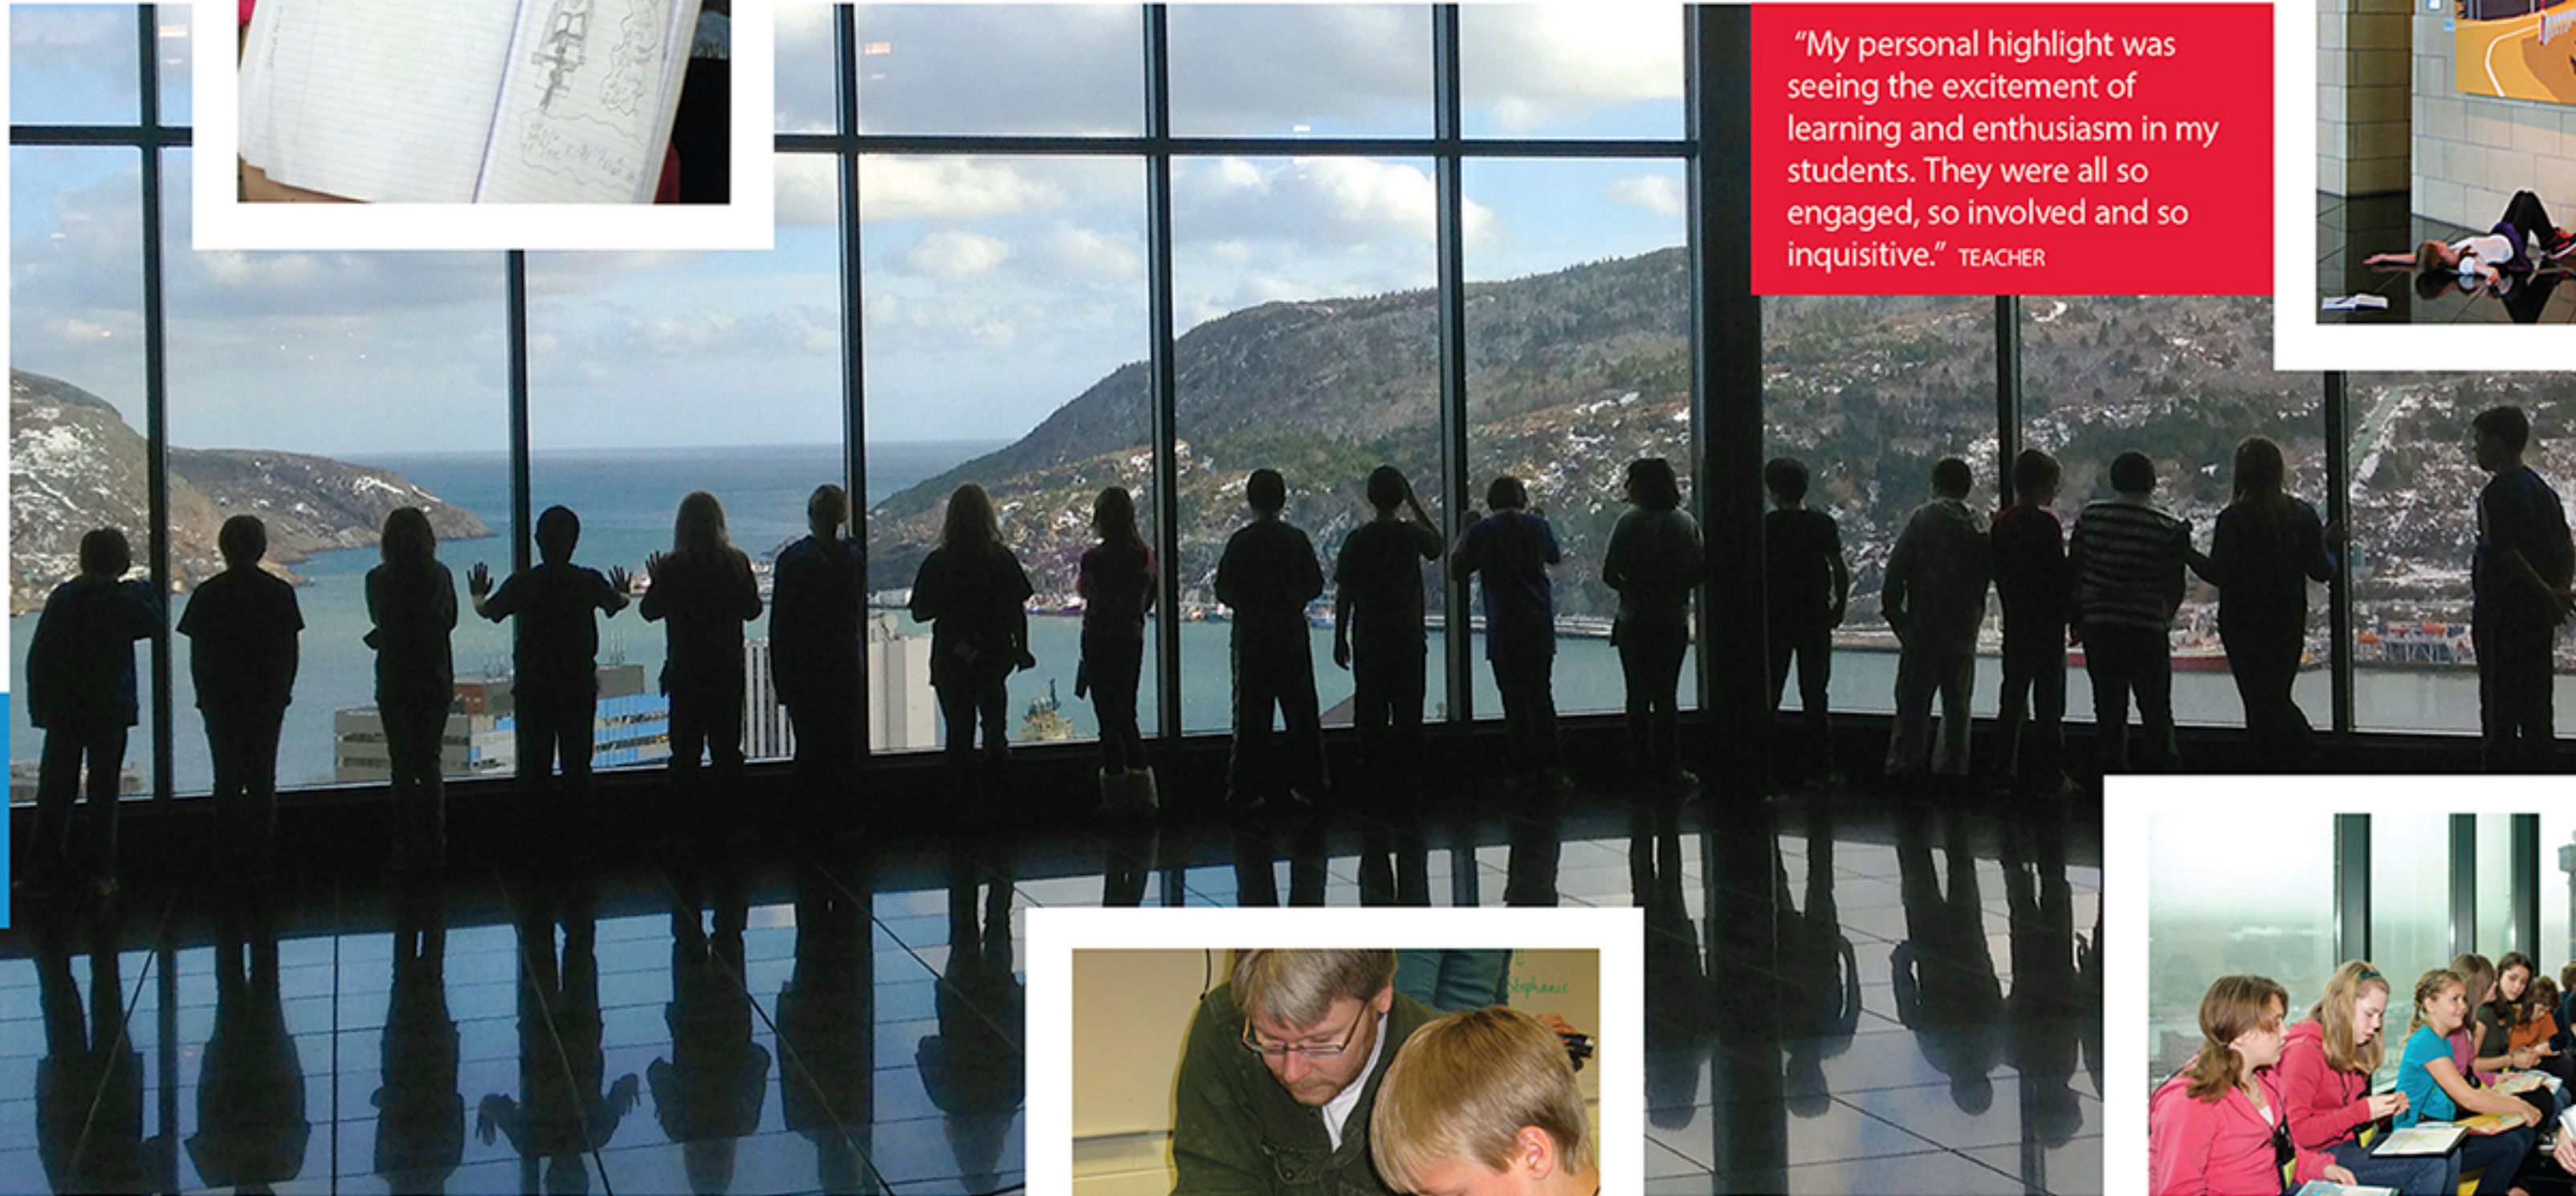

"You have encouraged and nurtured our spirits and our minds." TEACHER

"Dear Chevron, Thank you so much. My class and I had a very fun time. We love it here at The Rooms. I'd say it was the most amazing week of my life." STUDENT

"I would like to thank Chevron and their interest in the learning and teaching of our children and their heritage." PARENT

"My personal highlight was seeing the excitement of learning and enthusiasm in my students. They were all so engaged, so involved and so inquisitive." TEACHER

"Participation in this program has been the highlight of my teaching career!" TEACHER

the "open minds" program is a great way to learn about the past, present and maybe even the future. I would love to be able to go to the "open minds" program again someday because it was SO FUN! I really hope to come back again some day.
